TEACHER SALARIES UP 15 PER CENT

$15,000 ADDED TO PAY CLASS ROOM TEACHERS

An increase of $15,000 in teacher pay was voted by the school board in session here Thursday night.

Dr. Clifford Swift, President of the Board, said that the board members are happy over the turn of events which has enabled the board to establish a scale of pay that is 15 per cent above state aid schools and to place the board in position to bargain for better teachers with more experience.

The increase in teacher pay is made possible by two factors: The Board realized and met courageously a crisis in teacher pay and due to the fotunate increase of state allotments was able to go beyond the adjustment of salaries and pay 15 per cent additional to the amounts set out some weeks ago.

Dr. Swift said that the board is now able to pay 15 per cent above state aid salaries and in doing so has retained a creditable surplus in the treasury to sustain the long established policy of the board. The new increase takes into consideration the additional state allotment which will be available in early September.

Dr. Swift said the board will fix its budget for 1946-47 on August 20. Final work on the budget will be completed at the meeting on September 5. "We realize that very few ever manifest interest in the adoption of a budget," said Dr. Swift, "but we want the people of the city to know we will be only too happy to have any one who wishes to come to the board meeting. We are following the policy of keeping the people informed on the progress of the school system and we appreciate the cooperation we are receiving."

The increases allowed in salaries goes in major part to class room teachers, although all were increased, including the superintendent of schools. The lowest pay in the school now is $1490 and this amount for a

On August 15, 1945 the war against Japan was concluded and the end of fighting had come to the world. In September 1939 the Germans marched into Poland and for six years the red flame of battle seared the earth. Millions of innocent men and women died in the struggle. On August 6, 1945 the first atomic bomb to be used in warfare was dropped on Hiroshima. Nine days later the Japs surrendered. On September 2, 1945 General Douglas MacArthur, aboard the battleship Missouri in Tokyo Bay, received the formal surrender and laid down terms to the aggressors of the Pacific. The general said: "My fellow Countrymen: Today the guns are silent. A great tragedy has ended. A great victory has been won. The skies no longer rain death, the seas bear only commerce, men everywhere walk upright in the sunlight. The entire world is quietly at peace. The holy mission has been completed, and in reporting this to you, the people, I speak for the thousands of silent lips, forever stilled among the jungles and the beaches, and in the deep waters of the Pacific which mark the way. I speak for the unnamed brave millions homeward bound to take up the challenge of that future which they did so much to salvage from the brink of disaster." If Cameron planned to observe the day in grateful memory of those who paid the great price, there was no official indication. Are we worthy of those who died and who came back? We answer this question every day that we live and there is grave doubt that we shall ever approximate in gratitude the things they did.

The dead speak:

"We who lie here have nothing left to give.
To all your praises we are deaf and blind.
We may not even know if you betray
The hopes we cherished for mankind."

WALGREEN DRUG AGENCY STORE TO OPEN HERE

A Walgreen Drug Store agency will soon open in Cameron, it was officially announced here late Saturday by Willis H. Dismukes who will be a stockholder and manager of the store.

The store will open about January 1 or as soon as plans can be carried out, it was said. The store is owned by a corporation to be known as the Milam Drug Company, Inc. It is a Walgreen agency and will feature a merchandising policy made famous by the Walgreen stores throughout the country.

A lease has been taken on the building owned by Adolph Winfield and Mrs. Sophia Winfield in the 100 block on North Houston avenue. This building is part of the block built by the late Mr. and Mrs. C. H. Yoe and faces west, recently occupied by the Oscar Bell antique shop.

Mr. Dismukes left Saturday for Chicago and plans to return to Cameron this week. He said the store will be locally owned. Mr. Dismukes, former member of the high school faculty here, has been employed at Camp Hood for some time. He is a discharged war veteran, having served two years in the navy.

Mr. Dismukes said that the store plans to employ about 10 people. Aside from the Walgreen line of drugs and merchandise, the store will have a fountain and all other advantages known to the Walgreen system.

CHAMBER COMMERCE HEARS WORK OUTLINED

A work program for the Chamber of Commerce in which a budget appeal can be based, was outlined by L. Van Perkins, chairman, at a meeting of the Directors Tuesday night.

Mr. Perkins has resigned as manager and the Chamber is currently considering the employment of a full-time secretary if possible.

A number of suggestions were made and it was decided that a letter will be published to the members outlining a proposed plan of work for the year.

Rainey Wants Pension Limitation Abolished; Old People Underpaid

CORPUS CHRISTI—Homer P. Rainey sai dtonight his opponent refuses to come out and say what he would do as governor "toward getting that pension ceiling out of the constitution."

In a speech prepared for radio delivery at 8 p.m., Rainey emphasized his views on pensions and welfare payments ,saying:

"Just last August, under the guise of giving the old folks $40 per month, the most deceitful political trick ever perpetuated was pulled off by the administration and the corporation lobbyists who are supporting my opponent.

"They got up a constitutional amendment, and propagandized the people to vote for it on the theory that they were raising pensions from $30 to $40 per month.

"Hidden in the amendment, however, was a provision that not more than $35,000,000 could ever be spent for old age pensions, for aid of the blind, and for aid to dependent children.

"The joker, hidden out in the amendment was a fraud.

"My opponent has the same joker in his platform.

"There isn't a line in his platform, or in any speech he has made, which says he will do anything toward getting that pension ceiling out of the constitution.

"Last week, however, he let the cat out of the bag.

"He admitted that the present administration, of which he is a part, has failed to appropriate all of the 35 million dollars now permitted.

"He admitted that they are over six million dollars short of doing what they could do, if they wanted, at the present time."

TWO RAINEY SPEAKERS DUE HERE AUGUST 23

Two prominent speakers for Homer P. Rainey for Governor are due in Cameron, Friday ,August 23.

Mrs. Alice Taylor, one of the leading Roosevelt Democrats in the State, will speak in Cameron at 10:30 a.m. August 23.

She is campaigning for Dr. Rainey Mrs. Taylor, it will be remembered, was prominent in the fight against the Texas Regulars who tried to defeat the will of the people of Texas in 1944. She was also a member of the State Democratic Executive Committee.

Since the fight is the same in large measure she will be expected to talk about the men who wanted to trade with Hitler.

Herman Jones, leading Democrat and prominent lawyer, who led the Democrats in the convention that won in 1944, will be here for a night address at 8 on Friday, August 23 in the interest of Homer P. Rainey for Governor.

Mr. Jones was the featured speaker at the meeting of the State Committee recently in Austin.

Friends of Dr. Rainey and all the people are invited to hear Mr. Jones.

CAMERON ICE CREAM WIN SOFTBALL CHAMPIONSHIP

The Cameron Ice Cream Co., softballers upset the dope bucket by soundly beating the previously undefeated "Tex" Miller crew by a score at 9 to 0 in the city championship game at city park, Wednesday night.

"Goat" Brantley of the Ice Creamers showed magnificent pitching form by striking out 18 men and allowing only 3 hits. Favors, pitching for Miller's team, turned in a creditable job but some miscues by his mates in the field proved costly in the outcome of the game. His record showed 13 strikeouts and 12 safeties. The Ice Creamers went on a hitting spree in the sixth and clinched the game.

In the consolation game for third place, the Ideal Hatchery team, behind the fine pitching of Woodward beat the Coca-Cola team by a score of 5 to 0.

SOIL SURVEY MAP GIVEN BY JOHN B. HENDERSON

John B. Henderson early Thursday made a fine contribution to a future museum in this city.

The gift is a soil survey map made in 1925 by Wm. T. Carter of the Department of Agriculture.

This map and booklet on the soil survey at that time, will be valuable in the future for its reflection of good farming in those days.

In an extra inning ball game played before an estimated crowd of 2,000 softball fans, Cameron lost to the strong Hutto entree in the Taylor TAAF tournament last night (Tuesday).

Hutto's winning run was scored after two men were out when a line drive got away from the Cameron right fielder.

Favors, local pitching ace, struck out 12 men and did not give up an earned run.

Cameron scored on Ted Matula's double, and driven in by Carl Weems double down the third base line.

Mrs. Bill Balhorn and son, Bobby, have returned from a visit with her sister and brother-in-law, Mr. and Mrs. Michael Pierce at Lima, Ohio. They also visised relatives in St. Louis.

FIRE PROTECTION FOR CITY BEING PROVIDED

Fire protection for sections of the city long neglected is the plan of the Council. At its meeting on Tuesday night the council voted to install a number of fire plugs in sections of the city that have long gone without protection.

In the absence of detailed information it was not known whether mains will have to be laid. For years almost half the west area of the city has been without fire protection.

The city also enacted an ordinance requiring permits for building. The city's fire limits have never been protected against inflammable construction. It is a bit late to think of the hazards but if the ordinance is enforced it will be most helpful and will give added reductions in fire insurance rates. Also the new ordinance will give the city an adequate picture of the value of new construction—provided the permit feature is enforced.

The council removed J. B. White, publisher of The Herald from the Advisory Committee set up by Mayor McCullin, on the "excuse" that he is not a resident of the corporate limits. White served as Secretary of the Planning Board and wrote the report that recommended modern fiscal policies for the city; recommending public improvements to be paid out of current revenues, and restrictions on axtravagances in the general fund, into which goes $1.10 of the total rate of $1.50 and is spent largely for administrative purposes.

MILAM FRIENDS BACKING BEAUCHAMP RE-ELECTION

Friends throughout Milam county and this area of central Texas are strongly backing Judge Tom Beauchamp for re-election to a second term to the Court of Criminal Appeals of Texas.

Perhaps no Judge in recent times has received more commendation for his work and opinions than has Judge Beauchamp. In a campaign document friends of the judge cite fifteen quotations from great lawyers throughout Texas and numerous newspaper editorials and comment upon Judge Beauchamps' record.

Here is a typical comment: "Some people have the happy knack of saying no in such a manner as not to ruffle one's feelings. The manner in which you reached your conclusion cannot be justly criticized by anyone fair enough to face the facts. On Third Degree Practices in obtaining evidence in criminal cases and on Freedom of the Press, Judge Beauchamp has evoked the praise of many.

Here is a comment of note: No court in America is more widely quoted. Wherever the English language is spoken its opinions are cited. Some 50 years ago England sent a comission to Texas to study our procedure. Following the recommendations of that commission the Court of Criminal Appeals of England was established ,much like our own.

The dignity of this court and the strength of its opinions are founded upon the fact that the ears of the judges have not been attuend to the political winds or local sentiment. It has never been a stepping stone to the Governor's office.

Camp-Baskin to Close August 15; Both are Pacific War Veterans

Emory B. Camp and Gordon S. Baskin of the firm Camp-Baskin, Insurance, announced Tuesday their offices would be closed Thursday, August 15.

Both are Pacific War Veterans and they feel that a holiday is due them. The people will wish them many more such holidays and remember their sacrifices in the war.

Cameron generally may not close on August 15. If there was any sentiment it had not been publicly expressed.

Henry Halavek of Ad Hall was a Cameron business visitor recently.

WALTER SENKEL RAISES FIRST OF NEW COTTON

Milam county's first bale of 1946 cotton was being ginned during the noon hour at the Weems Gin in Cameron.

The new bale was produced by Walter Senkel at Jones Prairie and news of the ginning was telephoned to the Daily Herald by Robert Weems at the gin who said that the weight at that moment was not available but would be known shortly.

The 1946 bale is a day earlier than the first bale in 1945. The first bale was ginned here on August 13 last year.

Continued dry, hot weather has matured the crop rapidly and generally it was said the crop is far below the average of last year.

The black prairie lands in the Jones Prairie section have run far ahead of the rest of the county in producing the first bale.

FIRST BALE OF COTTON BRINGS FARMER $241.70

The first bale of 1946 cotton, ginned here Monday by Robert Weems at the Weems gin weighed 529 pounds and brought Walter Senkel, the producer, a total of $241.70.

Mr. Weems bought the bale and paid 40c per pound for the cotton. The seed brought Senkel $30.10 and the cotton brought him $211.60.

Mr. Weems said that he telephoned the Chamber of Commerce and was told that the Agricultural Department would raise a premium for the producer. The Chamber of Commerce has a rule against subscribing premiums for the first bale.

The first bale is a day earlier than the 1945 bale. Mr. Weems said he would operate his gin this year and that ginning will be 25 cents per hundred.

Challenges Rotary To Do Bigger Things in City of Cameron

A challenge to Rotary which he first likened to the traditional dare of precocious boys in East Texas, Rev. L. L. Morriss, pastor of First Baptist church, made a dare to the club that it refuse to be satisfied with its present program; that as Rotarians the men seek to lift the community and to grow with it.

Rev. Morriss, who begins a revival meeting at the church this evening, gave the club an inspirational talk and was thoroughly enjoyed.

Among other things, he said, that when you are far away in strange parts of the world where men served in this war, as he had done, one begins to appreciate the little white church and the familiar landmarks of the old home town, including the good people who live in it.

Brenda Joyce Comes to Milam in "The Spider Woman Strikes Back"

Invading the ranks of Hollywood's heroines of suspense — though she kardly looks the type—is blonde and cheerful Brenda Joyce, who is the object of a heroic plot in Universal's "The Spider Woman Strikes Back." The new film, due Thursday at the Milam Theatre, has Gale Sondergaard, Kirby Grant, Milburn Stone and Rondo Hatton in its large cast.

In the picture Brenda is drugged, deprived of her blood for nefarious purposes, and systematically driven toward the brink of insanity by the diabolical "Spider Woman."

This is something of a change for screen comedienne Brenda, in private life Mrs. Owen Ward and mother of two children. She joins many another deft actress on the shady side of the movie-plot street where abound weird dangers and secret enemies.

Gail Russell, Martha O'Driscoll, Ingrid Bergman and Merle Oberon are others who have succeeded in similar roles.

Let's Talk Agriculture

By Bill Archer

Milam county is changing from a row cropping system of farming to livestock and poultry. There is in a great number of cases where livestock are on pasture and no salt provided for them. Cattle need much more salt than we sometimes realize. If salt is provided free choice the cattle assimilate their feed much better and make faster gains. As a result of some experiments carried on at Purdue University in the summer of 1945, salt alone added to a ration of grain and mineral supplement made a lot of 14 hogs gain 81 pounds more than a lot of 14 under the same conditions did without salt, in the same number of days. Salt is cheap and really makes a lot of difference.

Extreme Heat Proving Real Test for Crops

Temperatures ranging around 100 degrees over a period of weeks had brought Texas and Milam county to the point of great need for rainfall and the weather was proving a real test for crops.

Potatoes and other food crops maturing in the late summer were badly in need of moisture and ranges generally were seared. Cotton, a hot weather plant, was being tested because of the long drouth.

Weather forecast at noon Thursday indicated little change in temperature for the next 24 hours but cooler weather was on the day—due to arrive in November.

Mrs. Leona White and Mrs. George McGhee made a business trip to Marlin on Friday.

I saw with my own eyes a copy of the registration papers in the McLennan County Tax Assessors office last August 6 after being told positively by the car dealer that he did not sell the car . . .

"Milam Loses Car Revenue to McLennan.

When a car dealer in Cameron take" a customer to Waco and delivers a new car to him direct from the distributor and registers the car in MeLennan county, your own Milam county is deprived of the sorely needed revenue. The condition of our roads attest that fact, while McLennan county anjoys gravel roads throughout the county.

Another result of this practice is that your sheriff, or a young GI doctor, or your mail carrier is deprived of a greatly needed new car. These are essential users and shows only too well how your government protected you during the war by rationing. Without rationing during the war the "little fellow" would have received nothing.

The reason for the out-of-county registration is obvious to everyone—we still have OPA ceiling prices on new cars."

THOMAS V. ADAMS DIED EARLY TUESDAY MORNING

Thomas V. Adams, 80, pioneer member of the Milam county bar, died at 3:50 a.m., Tuesday, August 13. Mr. Adams had been critically ill for several days.

Mr. Adams was born January 30, 1866 in the city of Hamilton, Lanarkshire, Scotland. He came to the United States when 20 years of age. He first settled in New York, later moving westward to St. Louis and later came out to Texas and lived in Galveston. He moved to Buckholts 47 years ago and began the practice of law and was widely known as an abstractor.

Mr. Adams was a member of the Presbyterian church in Cameron and was a past President of the Milam County Bar Association. He was a member of the Executive Committee of the Milam County Chapter of the American Red Cross for 20 years and also had served as treasurer of the organization for a number of years.

Funeral services will be held at the chapel of the Marek-Burns Funeral Home in Cameron at 10:00 a.m. Wednesday, August 14, with Rev. E. O. Harrell, minister at First Presbyterian church, conducting. Interment will be made in Oak Hill cemetery with the Marek-Burns Funeral Home directing arrangements.

As an attorney, Mr. Adams wrote the charter for the Buckholts State Bank in 1907 when it was organized and had been a member of the Board of Directors of the bank for many years.

Active pallbearers will be W. E. Kuzel, Leo Fuchs, Johnnie Fuchs, A. R. Walschak, Nealon Peeler and John Henderson. Honorary pallbearers will be members of the Milam County Bar Association and W. A. Evetts Is Caustic in Criticism of Laxity Among the Americans

James K. Evetts, district attorney from Bell county, in a speech to the Rotary Club here Wednesday, was bitter in his resentment over the laxity of the average American.

A veteran of the late war he was severely wounded in action in Europe where he served for over three years. Current divorce records are a national disgrace; the light appreciation of the dead is a sign of bad faith and disloyalty to those who made the great sacrifice; and zest for profits may lead us to a new low in national morality.

Mr. Evetts predicted that unless we change our attitude, and he put the burden on the individual, we will not survive and that disaster is certain no more America and this thing we within a short time. "There will be call civilization which has been the marvel of all the world will not survive," he said.

Companion Coin Given Richard Burke; Came From Persia Recently

A companion coin to the one given The Herald by J. D. McGoldrick has been presented to Richard Burke.

The coins are American dollar size and were minted in 1780 and are 166 years old.

Richard, who plays a halfback position on the Yoemen team this fall, has given his coin a good polish. McGoldrick said he was told the coins were minted under Napoleon I.

Absentee Voting Is Delayed Due to Crazy Patchwork of Statutes

Absentee voting in the primary election on Saturday, August 24, has been delayed because of a crazy patchwork of statutes governing the primary elections.

While the primary has no status in law the state committee persists in going by the statutes. The law fixes the date of the meeting of the state committee to canvas the returns on the day absentee voting begins under another statute.

Until the state committee certifies the ballot to local chairmen a ballot cannot be printed.

Old Hotel Key Tag Turned in To Museum

An old metal tag from a hotel key was brought in to The Herald by Mr. Reese. Like other interesting articles of the past, it sheds some light n Cameron years ago.

This disc is No. 9 and was the property of the O. C. Barnes Hotel in Cameron.

Some of the old timers may recalil this early-day hotel. The token brought in the other day on the milk plant was identified by Fred Jackson as the company operated about 20 years ago at the ice plant.

HOUSTON. -- Pat M. Neff, Jr., Houston attorney, who was nosed out by Price Daniel of Liberty in a close first-primary race for Attorney General, today issued a statement thanking his friends for their support.

"The race was worth the running because of the splendid demonstration of loyalty on the part of my friends," Neff said. "Without a formal organization and on a limited budget, we polled over half a million votes, trailing by less than fifteen thousand, according to the latest tabulation.

"The credit belongs to my personal friends, and I want to thank every one of them from the bottom of my heart."

Colbert and Wayne Starred in Film Hit Based on Coast Trip

Hi-jinks on a California-bound train, in Mervyn LeRoy's comedy-romance, "Without Reservations," at the Cameron Theatre Sunday and Monday, involve Claudette Colbert and Don DeFore, who heads the supporting cast.

On her way to Hollywood to work on the screen version of her best-selling novel, Miss Colbert meets Wayne and DeFore, two returned Marine flyers. Wayne strikes her as the ideal hero for the picture, and she decides not to lose sight of him. At Chicago she abandons her drawing-room reservation on the streamliner and joins the Marines on their train without ticket or reservation.

One night in the club-car the three are feeling merry, and Wayne and DeFore decide to teach Miss Colbert how to fly. They build an "airplane" out of the furniture and bottles from the bar. As a result of this escapade, Miss Colbert, already under suspicion, is put off the train by the conductor.

The Marines follow her loyally, and all three continue their trip in a second-hand car. Hilarious misadventures continue to dog their trail and the laughs come thick and fast until Marine Wayne is able to get the situation (and Miss Colbert) under control.

Anne Triola, Dona Drake and Frank Puglia are seen prominently in the supporting cast of the RKO Radio release; Louella Parsons and other Holywood personalities appear as themselves in the Hollywood sequences. In addition to producing, Mervyn LeRoy directed this, one of the merriest comedies of the season.

New Western Drama Is Spectacular and Original in Story

Set in the dramatic eighteen-eighties of the old West, "The Cherogee Flash," latest in Republic's outdoor drama series starring Sunset Carson, comes to the Milam Theatre Friday and Saturday.

The action packed story concerns the atempt of Jeff Carson, played by Roy Barcroft, to go straight after having served a prison term for his crimes as the notorious "Cherokee Flash." Intent on not having his foster son, Sunset, learn of his previous life, Carson is unwittingly framed by his former gang on a murder charge.

The gang is about to complete the frame-up when Sunset arrives in the town. From here on in, the story is a battle to the finish between the Carsons and the outlaws. The suspenseful story runs the gamut of adventure with a thrilling stage coach chase and unusual action packed situations.

Linda Stirling is cast as Toni Mason, beautiful daughter of the local doctor, and has an important bearing on the thrill crammed plot.

Tom London, Frank Jaquet, Bud Osborne and John Merton are cast in important supporting roles.

The original story for this spectacular outdoor drama was written by Betty Budbridge, veteran of over 100 hit screen plays. Thomas Carr directed "The Cherokee Flash" and the asociate producer was Bennett Cohen.

"Bride Wore Boots", New Laugh Film At Cameron Thursday

Two men, two women and a horse participate in what is reported to be a laugh-packed, five-sided matrimonial melee in Paramount's modern comedy-romance, "The Bride Wore Boots," due Thursday and Friday at the Cameron Theatre with Barbara Stanwyck, Robert Cummings and Diana Lynn. These three plus Patric Knowles and an intelligent equine called Albert, complete a delirious design for living which is said to be enough to make a horse laugh.

The plot revolves around this frustrated five. Cummings loves only his wife, Barbara; she loves him, too, but is wild about horses which, in turn, drive him wild; Diana Lynn, a flirtatious Southern belle, sets her cap for Bob; and Pat Knowles, Barbara's partner in horses, has more than a business interest in Bob's wife. Bob and Barbara face more hurdles in their marital affairs than are to be found in any steeplechase, and the hilarious method in which they iron out their differences makes what previewers have called one of the gayest farces of the year. The final sequence the annual blue ribbon turf classic in which Bob, having lost Barbara and desperately trying to win her back, rides Albert, a fugitive from a glue factory, is reputed to be the funniest ten minutes in motion pictures in quite some time.

The supporting cast, in addition to Knowles, includes such popular standbys as the late Robert Benchley, Willie Best, pop-eyed Negro comedian who, as a philosophical stablehand, is said to steal many a scene, and Peggy Wood, star of scores of Broadway successes.

Teen-Age Ensemble in 'Sing Your Way Home'

Mirth and melody on the high seas highlight the gay plot of "Sing Your Way Home," RKO Radio's latest comedy-romance with music, which deals with the troubles of a newspaperman escorting a group of young American performers across the Atlantic. Jack Haley, Marcy McGuire, Glenn Vernon and Anne Jeffreys are starred in the tuneful offering which comes to the Cameron Theatre Saturday. Donna Lee, brilliant young soloist, is featured.

Unable to get passage home for a lecture tour unless he chaperones an entertainment troupe of teen-agers which was stranded in France at the outbreak of the war, Haley grudgingly consents. The youngsters are annoyed by Hale's old-maidish attitude toward their conduct, and to keep him out of their hair they induce Miss Jeffreys, a prety singer aboard the vessel, to start a romance with him.

This leads to hilarious consequences, as do Haley's ingenious attempts to end important stories to his paper through an innocent-looking romantic code. But everything turns out happily in a rousing romantic finish.

Plenty of catchy song numbers, the clever work of the four principals and of the fine supporting cast of teen-age performers make "Sing Your Way Home" an unusually entertaining piece of screen fare. Anthony Mann directed the production by Bert Granet.

Ray Thompson is attending boys camp at Kerrville.

COUNCIL OF MINISTERS ORGANIZED IN CAMERON

Local ministers have organized an association and Rev. K. R. Isbell, of the Methodist church, is the chairman.

The association is a re-activation of the organization formed here several years ago. Rev. R. D. Holt, pastor First Christian Church, is vice chairman and Rev. E. O. Harrell, pastor of First Presbyterian church, was named secretary and treasurer.

Rev. L. L. Morriss was acting secretary for the organization meeting held Monday morning in the study of Rev. Isbell.

The ministers passed a resolution commending the summer recreational program for the youth of Cameron. "The ministers of Cameron feel that such a program is in keeping with the best physical and spiritual development of our youth and is a forward step in combating juvenile delinquency," said Rev. Morriss in reporting the action of the association.

The association will meet next Monday to adopt a constitution and by-laws and all ministers are asked to meet at 9 a.m. at First Methodist church.

Allan Shivers Is People's Favorite

Senator Allan Shivers, in thanking the voters of Texas for the heavy lead they gave him in the July primary to make him the favorite candidate for lieutenant governor, also warned citizens that attempts will be made by "scheming minority pressure groups" to defeat him in the August 24 runoff.

The Jefferson County legislator, lawyer and farmer, pointed with pride to the overwhelming support which he received in his present home county and in the county where he was reared to manhood. Shivers, a World War II combat war veteran (the only veteran in this race), polled approximately 75 per cent of the votes in Jefferson County, his present home, and was a 25 to 1 favorite over his runoff opponent in Tyler County, where he spent his youth. Senator Shivers led his runoff opponent by approximately 100,000 votes in Texas.

"I am deeply grateful for the confidence the people of Texas have shown in me and the progressive program for Texas which I advocate", Shivers said. "I shall strive even harder to work for the welfare of Texas."

"Because I represent the masses of the people, there will be those in the runoff campaign who will conspire to defeat me," Shivers predicted. "I will not be swayed by these radical, minority groups—the C.I.O. noisemakers in particular. My opponent is welcome to the support which they are giving him. I will continue to fight for the right and welfare and progress of our people who make up the backbone of Texas."

CHRISTIAN SCIENCE SERVICES

"Soul" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 18.

The Golden Text is: "My soul doth magnify the Lord, and my spirit hath rejoiced in God my Saviour" (Luke 1:46,47).

Among the citiations which comprise the Lesson-Sermon is the following from the Bible: "The Lord redeemeth the soul of his servants: and none of them that trust in him shall be desolate" (Psalms 34:22).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of Life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle" (page 322).

OUR TOWN

(continued from page one)

Things are looking up a bit at the municipal airport. A new hanger and administration building will soon be complete and with finished runways we will have the answer to long years of need. While the air park is not large as we thing in terms of fields in the metropolitan areas of the country it will serve a very definite purpose here. Planes are now being constructed to land and take off on more limited space than previously required and when these new mechanical possibilities are fully realized upon, large commercial types may use the local field. The people authorized $25,000 over a year ago for their field. War needs prevented immediate improvements but a drive out highway 77 by the field will convince you that we are soon to have a good, though small field. We are looking forward to the formal opening which is to be held sometime soon. Years ago this newspaper said that the city of the future will have to include among its assets an air field. The time is now when planes are being sold in same ratio of increase to automobiles. The young man who came out of the war is air-minded and the older ones are catching on. What we most desire now is to see the field operating a schedule of planes and for its possibilities to be developed to take it away from the classification of just a landing place for a few who are able to buy planes and fly them.

History is proving that industry is seeking a way out of the crowded centers, going where overheads are low, where taxes are low and where living conditions generally smack of the frontier and where opportunities still abound. This may sound a bit bouyant but things are happening right here in Texas and the small town like Cameron is pretty much in the picture. Of course no city, not even Cameron, can hope to attract industires as long as we are asleep at the switch. It is well that we wake up and begin thinking about the things we can use here to round out a good town. A committee from the Chamber of Commerce is working out a suggested list of opportunities here in Cameron where no competition will result and is calling attention to these openings. Own your own business and be independent, is the attractive title of a stimulating piece of advertising now going to press. The folder lists 47 opportunities. We mention a few like antique shop, business machine sales and service, broom factory, pottery, brick and clay works, wood pulp and commercial fibre, canning plant, farmer's market, furniture pattern mill, house moving, landscaping service, livestock auction ring, music house, modern man's store exclusive, pawn shop, package delivery service, peanut products processing plant, potato chip plant, sausage factory, wholesase, tannery, used farm equipment depot, bus terminal, medicinal water development, drayage service, produce marketing association, silver, nickle and chromium works, cheese factory, mimeograph printing service, public stenographer, an office building and business buildings for rent. There are others, many more and all may be engaged in without competition.
